ACHIEVEMENTS

certificate of Entrance Topper and internship

I achieved the title of Entrance Topper at Kankai Polytechnic Institute, showcasing my dedication and strong academic foundation from the very beginning of my studies.

EDUCATION

Diploma in IT

Kankai polytechnic institute / Durgapur / April, 2021 - December, 2024

Studying for three years at Kankai Polytechnic Institute has been a valuable experience, combining theoretical knowledge with practical skills. The hands-on approach has helped me build a strong foundation in IT, especially in web development and programming. It's been a journey of learning, growth, and preparation for real-world challenges.

PROJECTS

Cafe-Hub, Movie Store and Cloths market

- Cafe-Hub (JavaScript only)
  → Simple static cafe ordering site
  → Increase/decrease item quantity, like button
  → Not fully responsive but works on basic screen sizes
  → Built using only HTML, CSS, JS

- Kapada Creation (Clothing Market Website)
  → Built with React and Redux Toolkit
  → 80% responsive design
  → Features product listing, filtering, and cart system
  → My friend's real business used as concept

- W-Movie (Movie Store)
  → Responsive movie app using React
  → Data fetched from public API
  → Reusable components, clean UI
  → Mobile friendly and smooth user experience
